

Dignity in hospital care

Have you been an inpatient at a Bristol hospital in the last two years?

If you're aged 55 or over, Healthwatch Bristol would like to hear about your experience of receiving care in hospital (a stay of one night or more).

We'll be running a series of online discussion groups with both patients and staff over the coming months.

We are keen to hear your views, and can offer participants a £20.00 high street shopping voucher to thank you for your time and valuable input.

To find out more or to share your feedback with us, please contact:

Anna King, Projects Officer
anna@healthwatchbristol.co.uk

If you would prefer to speak to someone by telephone, call our office on 0330 0553251 and leave a message for our admin team (option 6).

Your feedback will contribute towards improving local health services, giving a voice to patients, and increasing awareness of the importance of dignity in hospital.

All feedback you give us will be completely confidential, and will be anonymised in any project reports.

We look forward to hearing from you.
